

## Author index

Abdel-Rahman, H.M., Economies of scope in intermediate goods and a system of cities	497
Baumol, W.J. and E.N. Wolff, A key role for input-output analysis in policy design	93
Boyer, M., J.-J. Laffont, P. Mahenc and M. Moreaux, Location distortions under incomplete information	409
Burbidge, J.B. and G.M. Myers, Population mobility and capital tax competition	441
Chao, C.-C. and E.S.H. Yu, Urban growth, externality and welfare	565
Daniere, A.G., Estimating willingness-to-pay for housing attributes: An application to Cairo and Manila	577
Duca, J.V. and S.S. Rosenthal, Borrowing constraints and access to owner-occupied housing	301
Gilchrist, D.A. and L.V. St. Louis, An equilibrium analysis of regional industrial diversification	115
Gupta, B., Competitive spatial price discrimination with strictly convex production costs	265
Gupta, B., A. Kats and D. Pal, Upstream monopoly, downstream competition and spatial price discrimination	529
Helsley, R.W. and W.C. Strange, City formation with commitment	373
Henderson, J.V., Community choice of revenue instruments	159
Hwang, H., <i>see</i> C.-c. Mai	773
Ihori, T., Immiserizing growth with interregional externalities of public goods	485
Ioannides, Y.M., Product differentiation and economic growth in a system of cities	461
Isserman, A., <i>see</i> T. Rephann	723
Jones, D.W. and R.V. O'Neill, Development policies, rural land use, and tropical deforestation	753
Kats, A., <i>see</i> B. Gupta	529
Kop Jansen, P.S.M., Analysis of multipliers in stochastic input-output models	55
Ladd, H.F., Fiscal impacts of local population growth: A conceptual and empirical analysis	661
Laffont, J.-J., <i>see</i> M. Boyer	409
Lederer, P.J., Competitive delivered pricing and production	229
Leontief, W., Foreword	1
Mahenc, P., <i>see</i> M. Boyer	409
Mai, C.-c. and H. Hwang, On a location theory under duopoly	773
Mohnen, P., <i>see</i> T. ten Raaij	135
Moreaux, M., <i>see</i> M. Boyer	409
Mullen, J.K. and M. Williams, Marginal tax rates and state economic growth	687
Myers, G.M., <i>see</i> J.B. Burbidge	441
Oechssler, J., The city vs. firm subsidy game	391
O'Flaherty, B., Land assembly and urban renewal	287

O'Neill, R.V., <i>see</i> D.W. Jones	753
Pal, D., <i>see</i> B. Gupta	529
Pogodzinski, J.M. and T.R. Sass, The theory and estimation of endogenous zoning	601
Premar, M. and U. Walz, Divergent regional development, factor mobility, and nontraded goods	707
Rephann, T. and A. Isserman, New highways as economic development tools: An evaluation using quasi-experimental matching methods	723
Richter, W.F., The efficient allocation of local public factors in Tiebout's tradition	323
Rosenthal, S.S., <i>see</i> J.V. Duca	301
Sass, T.R., <i>see</i> J.M. Pogodzinski	601
St. Louis, L.V., <i>see</i> D.A. Gilchrist	115
Steel, M.F.J., <i>see</i> T. ten Raa	361
Strange, W.C., <i>see</i> R.W. Helsley	373
Tabuchi, T., Two-stage two-dimensional spatial competition between two firms	207
ten Raa, T., On the methodology of input-output analysis	3
ten Raa, T. and M.F.J. Steel, Revised stochastic analysis of an input-output model	361
ten Raa, T. and P. Mohnen, Neoclassical input-output analysis	135
Turnbull, G.K., Housing demand properties in the monocentric market form	253
Turnbull, G.K., Location and housing demand with endogenous consumption risk	543
Viet, V.Q., Practices in input-output table compilation	27
Walz, U., <i>see</i> M. Premar	707
Williams, M., <i>see</i> J.K. Mullen	687
Wolff, E.N., Productivity measurement within an input-output framework	75
Wolff, E.N., <i>see</i> W.J. Baumol	93
Ye, M.-H. and A.M.J. Yezer, Collective choice of price caps and freight absorption: A spatial approach to regulation	185
Yezer, A.M.J., <i>see</i> M.-H. Ye	185
Yu, E.S.H., <i>see</i> C.-C. Chao	565
Zax, J.S., When is a move a migration?	341
Zhang, W.-B., Capital, population and urban patterns	273
